Brian Bothast; Peoria, IL
Feb. 9 NFPA 70E Update – PPE Requirements
Cintas/Aramark; TBD
Mar. 8 Fire Brigade and Emergency Response
Chemtura Corp.; Mapleton, IL
Meet the Board

**President** Matt Kubsch is a Loss Control Representative at COUNTRY Financial. Prior to his career with COUNTRY Financial he worked for DuPont Pioneer as a Safety Technician at a seed production plant. Matt earned his degree in Safety from Illinois State University with a minor in Environmental Health. Matt has been involved with ASSE since his time at Illinois State where he joined as a student member. He has attended the ASSE Leadership Conference and Regional Operating Committee (ROC) meetings representing the Central Illinois Chapter. In his spare time Matt enjoys spending time outdoors . He and his wife are expecting their first child at the end of the year!

**Student Section President**
Bob Bergstrom is a senior Safety student at ISU and has been a member of ASSE for two years.

“Being a part of ASSE has brought me a great deal of knowledge, discipline and leadership skill that I would have otherwise not been able to obtain. Serving on the executive board as President as well as Secretary has given me an abundance of experiences and skills that I value highly as part of my college learning experience. These experiences with ASSE have really impressed upon me the value of being part of the safety community now as well as after my college career has ended. I hope to continue to be involved with the organization long after school to continue to improve myself as a person and a safety professional.”
Important CIL Announcements

Members of the Central Illinois Chapter will vote to accept changes to the chapter bylaws at the January meeting. Proposed changes will be made available at least 30 days prior to the meeting. If you would like to vote, please plan to attend the meeting on January 11, 2016 in Peoria, IL.

As part of the January OSHA Update meeting, Brian Bothast will host a question and answer session. Mr. Bothast requested that all questions be submitted to by December 8th. All questions should be sent to Matt Kubsch at matthew.kubsch@countryfinancial.com and he will submit them Mr. Bothast by the deadline.

Thank You

Dear CIL-ASSE,

I want to thank you for the scholarship awarded to me. I truly appreciate this contribution to my education. As I mentioned in my project, I am involved in undergraduate chemistry research at ISU. This award will help me continue my project of studying safe organic synthesis through the summer. Thank you again for awarding me this scholarship! I look forward to continued involvement in ASSE in the next several years.

Nora Fredstrom
2014-2015 CIL-ASSE Gary Erisman Memorial Scholarship Winner

ASSE Congratulates Howard on Being Reappointed as Director of NIOSH
American Society of Safety Engineers (ASSE) President Michael Belcher’s statement congratulating Dr. John Howard on his reappointment to a third term as Director of the National Institute for Occupational Safety and Health (NIOSH).

ASSE to Host Construction Safety Symposium in New Orleans This Fall
The American Society of Safety Engineers (ASSE) is hosting a two-day Construction Safety Symposium featuring industry experts discussing the latest safety practices, innovation and risk management thinking from November 12-13, 2015 in New Orleans.

ASSE Salary Survey Reveals Strong Income Potential for OSH Professionals
A 2015 American Society of Safety Engineers survey of more than 9,000 occupational safety and health professionals reveals they earn an annual base salary on average of $98,000, an increase of $8,000 since the survey was taken two years ago.

ASSE and OSHA Sign Five-Year Alliance Agreement
The American Society of Safety Engineers (ASSE) and the Occupational Safety and Health Administration (OSHA) recently renewed its alliance, signing a five-year agreement that will focus on construction safety, temporary workers and hazards within general industry.

(OSHA QuickTakes) OSHA announces new system that gives greater weight to complex, time-consuming inspections
[On October 1] OSHA moves to a new enforcement weighting system that assigns greater value to complex inspections that require more time and resources. The new system will allow for more strategic planning and measurement of inspections, and ensure that all workers are equally protected, regardless of the industry they work in.

(OSHA QuickTakes) OSHA extends comment period for proposed injury and illness records rule
OSHA is extending, until Oct. 28, 2015, the deadline for submitting comments on a proposed rule that clarifies an employer’s continuing obligation to make and maintain an accurate record of each recordable injury and illness.

(NIOSH) Study says breaks can benefit both employers and employees
Everybody, even your hardest working team members, takes breaks on the job. New research says understanding and planning work breaks can benefit both employees and employers.
