Meet the Board

**Treasurer**  Ryan Crossland is the Safety and Human Resources Manager at Bodine Services of Peoria and Bodine Services of Clinton IA. Ryan graduated from Illinois State University with a Bachelor’s Degree in Environmental Health in 2012. After being an Environmental Intern at the Tazewell County Health Department, Ryan accepted the position of Safety Technician at Bodine Services in Decatur. In March 2014 was promoted to Safety and Human Resources Manager in Peoria, and took over responsibilities in Clinton, IA in September 2015. Ryan has been a member of the Central Illinois Chapter of ASSE since 2012. In his spare time he enjoys spending time outside with his 3 year old son.

**Student Section Treasurer**  Malachy Mcloughlin is a senior safety major with environmental health minor and has been a member of ASSE for a year-and-a-half.

“I joined the ASSE my junior year to attend the technical speaker presentations. These presentations gave me an opportunity to learn more about the different types of jobs in safety and also a chance to network with safety professionals ... Thanks to ASSE I have volunteered at the homecoming tent, participated in plant tours and even demonstrated fire safety to 4H members. The ASSE has helped me grow as a student in the safety program and will help me grow as a safety professional.”

OSHA’s Final Rule … Exposure to Respirable Crystalline Silica
Both standards contained in the final rule take effect on June 23, 2016., after which industries have one to five years to comply with most requirements, based on the following schedule:

Construction - June 23, 2017, one year after the effective date.
General Industry & Maritime - June 23, 2018, two years after effective date.
Hydraulic Fracturing - June 23, 2018, two years after the effective date for all provisions except Engineering Controls, which have a compliance date of June 23, 2021.

OSHA’s New Safety and Health Program Management Guidelines
The draft document will provide employers and workers with a sound, flexible framework for addressing safety and health issues in the workplace. Originally published in 1989, the new guidelines build on the previous version, as well as lessons learned from successful approaches and best practices under two OSHA programs — Voluntary Protection Program (VPP) and Safety and Health Achievement Recognition Program (SHARP), and similar industry and international initiatives such as ANSI/AIHA Z10 and OHSAS 18001.

What’s New in the Guidelines
- A proactive approach to finding and fixing hazards before they cause injury, illness or death
- Improved safety and health in all types of workplaces
- Help for small/medium-sized businesses to effectively protect workers
- Increase worker involvement, so all workers have a voice in S&H
- Better communication and coordination on multi-employer worksites
- The guidelines are not a new standard or regulation and do not create any new legal obligations or alter existing obligations created by OSHA standards or regulations.

Employers must post injury and illness summaries now through April
OSHA reminds employers of their obligation to post a copy of OSHA’s Form 300A which summarizes job-related injuries and illnesses logged during 2015. The summary must be displayed in a common area where notices to employees are usually posted each year between Feb. 1 and April 30.

As of Jan. 1, 2015, certain previously exempt industries are now covered. Lists of both exempt and newly covered industries are available on osha.gov.
March 8, 2016

Present: Jeff Abel, Don Cooper, Patrick Costello, Chris Greishaber Justin Herman, Matt Kubsch, Roxanne Matthews, Jim McNiff, Russ Prechtl, Paul Ronczkowski, Audra Sargeant,

Call to Order: 17:00.

Newsletter Report: Chris Greishaber
- Chris will add the URL to the newsletters. A call will go out for nominations for the Treasurer position.

President Report and Old/New Business: Matt Kubsch
- DIOSH Day – Completed last week and received good feedback. The e-mail list needs to be updated. Thanks to Stig Ruxlow for all the work in set-up and tear-down. There is currently no ASSE Logo on our booth banner. The banner needs to be updated for the next DIOSH Day to include the logo. There was also a thought about purchasing a collapsible booth. The cost is expected to be $600-700.
- Audra is taking the lead on the LinkedIn and Facebook Pages
- Regional Dues – Went from $0.50 per member to $2.00 per member to cover ROC Expenses. Assessment – Will not increase member dues since it comes from the chapter.
- Spring ROC (Madison, WI) – Don Cooper will represent CIL Chapter.
- Fall ROC – CIL will host; more details to come.

Student Section Report: Paul Ronczkowski
- Scholarship applications are due next week (the week after spring break)
- Jeff Abel volunteered to be part of the selection committee in the future

Brainstorming Ideas 2016-2017:
- Kickoff Meeting at ISU (CIL Student Section) – September 13, 2016
- Horizon Hobby, Champaign - Drones and batteries.
- Risk Management Society Joint Meeting (Jeff Abel) – Typically the RMS has lunch meetings.
- Caterpillar, Decatur
- Vactor, Streator
- Grain Handling Safety Coalition (Bob Herron)
- Rail Mark Barge Facility, IL River South of Peoria
- OSHA Update, Peoria (Brian Bothast) – January 10, 2017
- SABIC, Ottawa

Meeting Adjourned: 19:00
