Nominate Leaders for the Emerging Professionals Award

Supervisors and ASSP members can still nominate ASSP emerging professionals for the Society's new Emerging Professionals Award before Jan. 31, 2020. With the goal of further developing emerging professionals into leaders in the OSH profession, this program places award recipients into a yearlong professional development program. Recipients will be matched with a mentor who has significant leadership experience, be invited to the annual Leadership Conference and Leadership Development Experience in October, receive complimentary registration for our Professional Development Conference, and have an opportunity to engage with the ASSP Board of Directors through networking events. Nominees must be ASSP members who are younger than 40 years old or have fewer than 5 years' experience in the OSH profession.
